Organization: Asterion Technologies Pvt. Ltd.
Document Type: Synthetic / Dummy Enterprise Data

Purpose: RAG, RBAC, citation and hallucination testing

CONFIDENTIAL — SYNTHETIC DATA

All employee names, IDs, salaries and organizational information in this document are fictional and are intended only for NexoraAI development.

Version 1.0 | Effective 01 April 2026 | Policy Owner: Human Resources & Finance

1. Salary & Compensation Policy

This synthetic policy defines the compensation framework for Asterion Technologies Pvt. Ltd. All salary values are stated in Indian Rupees. Individual salary records are authoritative for exact employee compensation.

Policy Area	Rule
Currency	All salary figures are expressed in Indian Rupees (₹).
Base Salary	Fixed gross compensation before deductions.
Monthly Salary	Monthly base salary unless another component is explicitly stated.
Annual Base Salary	Monthly base salary × 12 unless an employee record specifies otherwise.
Bonus / Incentive	Separate from base salary and must not be inferred.
Salary Band	A role-level range; it does not establish an individual's exact salary.
Exact Employee Salary	An authorized exact employee record takes precedence over a general salary band.
Confidentiality	Individual salary information is restricted to authorized users under RBAC.

Important: A salary band such as ₹500,000–₹800,000 is not proof that an employee earns ₹500,000 or ₹800,000. Use the exact employee record when the user asks for an individual's salary.

2. Executive Compensation

The following records are fictional and intentionally include exact individual values for retrieval testing.

ID	Employee	Designation	Monthly Base	Annual Base
EMP-001	Arjun Mehta	Chief Executive Officer (CEO)	₹750,000	₹9,000,000
EMP-002	Priya Sharma	Chief Financial Officer (CFO)	₹650,000	₹7,800,000
EMP-003	Rohan Verma	Chief Technology Officer (CTO)	₹625,000	₹7,500,000
EMP-004	Neha Kapoor	Chief Operating Officer (COO)	₹600,000	₹7,200,000

CEO exact salary: Arjun Mehta (EMP-001), Chief Executive Officer, has a monthly base salary of ₹750,000 and an annual base salary of ₹9,000,000. This is an exact employee value, not a salary-band estimate.

3. Enterprise Hierarchy & Employee Salary Register

The register is ordered from senior leadership through management and staff. All amounts are base salary in Indian Rupees.

EMP-024	Varun Joshi	IT Support Specialist	IT	₹70,000	₹840,000

Retrieval rule: Exact employee queries should match the employee ID/name and requested salary attribute. Do not substitute another employee, an average, or a salary band for an exact value.

4. Role-Level Salary Bands

Level	Description	Monthly Band
E1	Executive / Senior Leadership	₹500,000 – ₹800,000
M1	Vice President	₹350,000 – ₹450,000
M2	Department Manager	₹200,000 – ₹300,000
P1	Professional / Specialist	₹70,000 – ₹150,000

Critical distinction: A role-level salary band is not an individual's exact salary. For example, the CEO falls within the E1 range, but the exact CEO salary is ₹750,000 per month according to the individual employee record.

5. NexoraAI Retrieval Reference

Query Type	Preferred Evidence
Exact employee salary	Exact employee salary register record
Salary band	Role-level salary band table
Compensation policy	Salary & Compensation Policy
Monthly vs annual salary	Exact employee record
Bonus / incentive	Explicit bonus or incentive record only

End of synthetic document. All information is fictional and intended for NexoraAI development and testing only.
